Agent Rate Tables for 2009

Step One: Find the appropriate rate table for the county of residence.

Step Two: Use the appropriate table to determine the plan, the deductible and its corresponding rates for the applicant, and his/her spouse and dependents if applying for coverage.

- For dependent children, add the appropriate age band rate for every child listed on the application.
- For a child applying without parent(s), use the Child Only rate. Child(ren) applying without a parent(s) must each apply on a separate application.

Step Three: Add the Optional Maternity Benefit if applicable (use the deductible that corresponds to the deductible selected in Step Two above).

Step Four: Sum the rates.

Note: Actual rates may change based on medical underwriting review. Rates are effective from 1/1/09 through 12/31/09.
